Minha criança está a pouco tempo nessa escola, não tendo muito conhecimento, só teve uma reunião de pais, que infelizmente foi a vó que participou pois trabalho em outra cidade

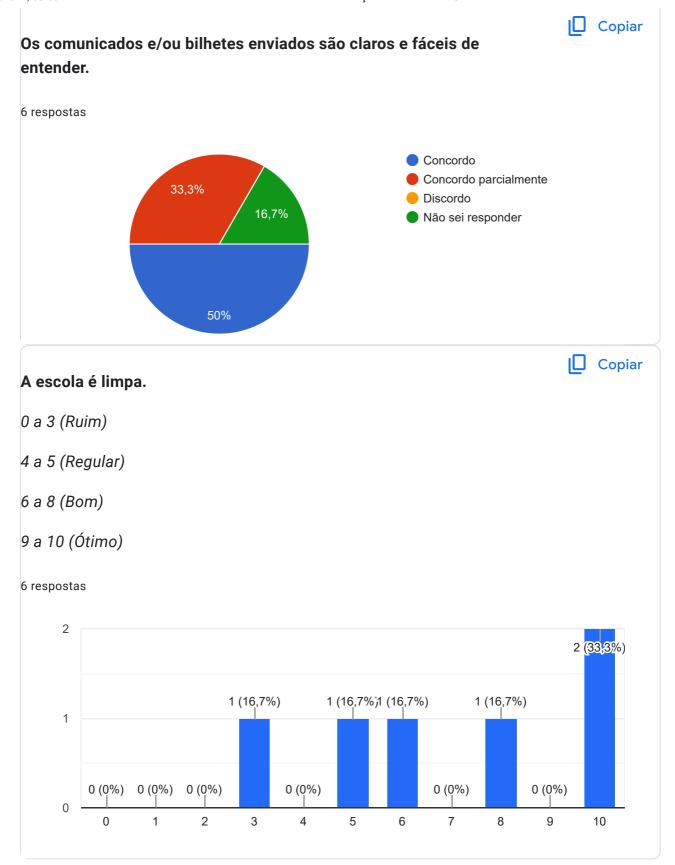

Bom a parte do parquinho deveria ser de gramado ( poeira, se a criança cai se machucar menos,...)

Muitas das perguntas relacionadas ao desenvolvimento escolar de crianças especiais não é passado aos demais pais, haja visto que temos poucas crianças com necessidades especiais, porém sabemos que tem um trabalho sim.

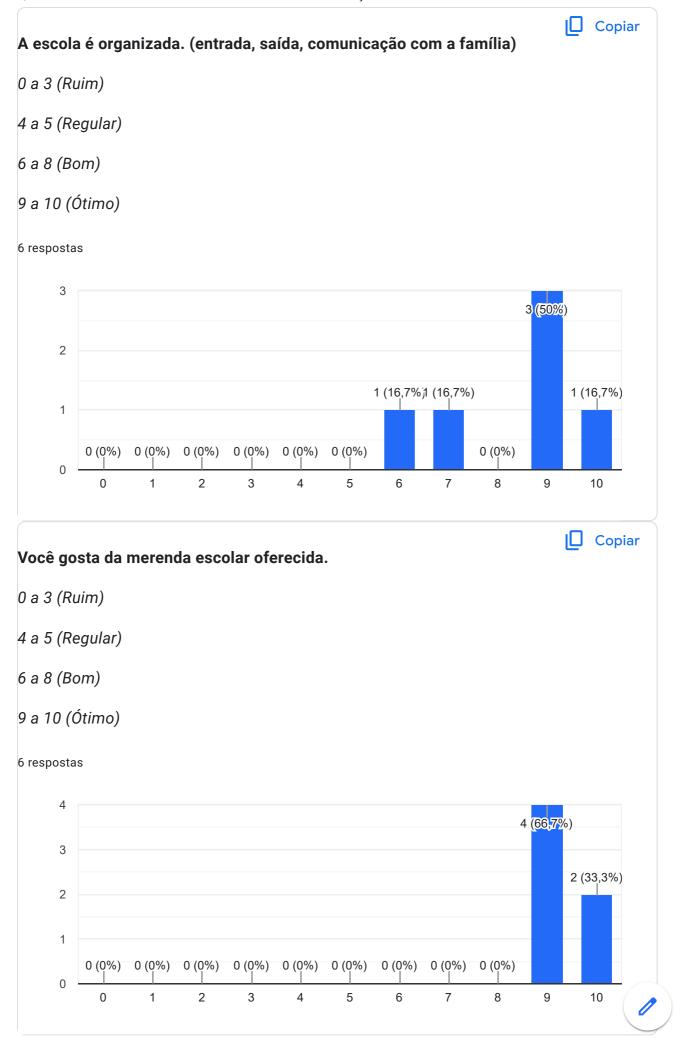

Uma escola agradável, funcionários competentes, porem a prefeitura deveria dar mas verba para uma estrutura melhor da escola.

Nessa unidade por se tratar de Eduacação Infantil não tem grêmio. A escola tem grande espaço para potenciais construção adequado ao contexto escolar, mas falta refeítório, sala de leitura, sala de recursos, parte administrativa, não tem nenhum lugar para atender pais, fazer reunião com professor, ou até mesmo conselho de ano, tudo acontece na varanda, que quando chove molha tudo.
